## General Information

A conditional use is a use that is normally appropriate in a zone, but which could potentially cause problems because of excessive size, traffic or parking congestion, health or safety hazards, or some other impact to surrounding properties. It is the intent of the conditional use review to determine if a requested use is appropriate on the property and to impose conditions that will minimize adverse impacts to surrounding properties, to the neighborhoods, and to the city as a whole. A conditional use permit is required for the establishments, alteration or expansion of a conditional use for those uses listed in Chapter 2 of the Philomath Development Code. An application for a conditional use permit is reviewed by the Planning Commission.
